

## SCS Fall Meeting 2022

We invite you to attend the SCS Fall Meeting 2022, one of the largest annual research conferences held in Switzerland. After two years of not being able to hold the SCS Fall Meeting as a face-to-face event, we are happy that the 2022 edition can be held in a traditional way and will also allow networking in addition to a great scientific program. For generations of young chemists educated in Switzerland, the Fall Meeting has been a great platform to present their research to a broader audience, and to be inspired by the people you meet at the meeting.

### Program Highlights

- Four plenary lectures of SCS prize winners 2022
- Poster session during the lunch break
- Nine thematic parallel sessions with keynote lectures and student presentations
- Commercial exhibition
- Best oral- & best poster presentation award program

### Conference Topics

- Analytical Sciences
- Catalysis Science & Engineering
- Chemistry and the Environment
- Computational Chemistry
- Inorganic & Coordination Chemistry
- Medicinal Chemistry & Chemical Biology
